## SKILLS

## LANGUAGES

- English C2
- Portuguese C2
- Spanish B2

## PROFILE

I care about building things that matter. I help teams deliver smart, scalable solutions that solve real problems for the business. I enjoy shaping the technical direction of projects, mentoring others, and making sure we're not just shipping code — but creating real value for users and stakeholders.

## WORK EXPERIENCE

### Siemens AG

2020 - PRESENT

IT Lead Developer - Mendix Expert

- Leading the end-to-end delivery of software applications in global, cross-functional projects.
- Responsible for technical architecture, code quality, and the successful implementation of scalable, maintainable solutions.
- Actively mentoring junior developers, promoting knowledge sharing, and fostering a culture of continuous improvement.
- Recognized for leadership in driving innovation, aligning teams around common goals, and elevating development standards across the organization.

### Siemens AG

2019-2020

Trainee

- Gained hands-on experience in enterprise IT environments, supporting software development, system integration, and internal tools.
- Collaborated with cross-functional teams on real-world projects, contributing to technical problem-solving and process improvement.

### Jerónimo Martins | Pingo Doce

2017-2018

Cashier

- Developed strong customer service skills through daily interaction with a high volume of clients.
- Gained experience handling transactions accurately and efficiently, managing point-of-sale systems, and resolving issues under pressure. Strengthened attention to detail, time management, and multitasking in a fast-paced retail environment.

## EDUCATION

### Bachelor Software Engineering

2024 - Present

Universidade Lusófona - ULHT

GPA: Ongoing

### CET - Networks and Computing Systems

2018-2019

School of business | Wardiere University

GPA: 19.6 / 20.0
